PROFILES  
WITH A  
RANGE OF  
INSERTS**

The picture above shows painted aluminium profiles, black and white. Available at extra cost.

## ENTRANCE MATTING AND TACTILE GUIDE STRIP emco TLS 522.

emco entrance matting with tactile guide strip for indoor use (zone 3) and covered outdoor entrances (zone 2). Choose between Diplomat and Marschall variants. The system has contrasting colours in two profile heights. Choose between needle-loom and rubber inserts or a combination of both. The optional surface is a square (350x350 mm) with a smooth surface.

### TECHNICAL DATA

	Dimensions	Art. no.
<b>Material:</b>	Manufactured from aluminium profiles, with needle-loominserts (standard) and a sound-insulating substrate. Profiles have alternating heights of 17 and 22 mm. Needle-loom colours: Anthracite 200 and Light Grey 220
